

HSMF & RtE partner on festival phone drive

RtE is happy to announce the we've partnered with our friends at the High Sierra Music Festival to lead a mobile phone recycling drive at this year's festival. Set in the beautiful High Sierra foothills in California, the 20th anniversary of the festival will feature Widespread Panic, the Black Crowes, Avett Brothers, Railroad Earth, Ozomatli, and more! Please help us keep mobile phones out of landfill and the toxic materials contained out of our drinking water & soil. Stop by the RtE booth to redeem your old phone for freebies and entry into the daily drawing for fantastic CDs, DVDs, Live Download Cards and more!
